DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Carl S on September 11, 2008.

The application has been amended as follows:

In the SPECIFICATION

Title: change the title of the application to "GAMING MACHINE HAVING A STOP ORDER ASSOCIATED WITH A PRIZE-WINNING COMBINATION"

In the CLAIMS [listing of 7/14/08]

Claim 17:

- line 15, replace "correct order" with --selected stop order--.

Art Unit: 3714

- line 10, replace “for designating” with --that designates--.

REASONS FOR ALLOWANCE

Claims 17-25 are allowed.

The following is an examiner’s statement of reasons for allowance: Applicant’s remarks filed July 14, 2008 (see pages 6-10) are persuasive. Specifically, the prior art fails to teach or suggest that when the determining device determines that the stop control has not been performed in the correct or selected stop order, the entirety of the variable display device is shielded by the attraction display device that overlays the variable display device, further, where an attraction image (i.e. an erroneous

Art Unit: 3714

image) notifying the player that the order has not been performed in the correct or selected order is presented upon such a determination. Each of independent claims 17 and 23 recite an equivalent limitation directed to this concept.

It should be noted that the Examiner is giving weight to the functional language within the claims as the claims positively recite the specific functions of the structural limitations.

For at least these reasons, the pending claims appear to be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 3714
